ABSUNY CONSULT LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MAY 2010

1. Accounting Policies

Basis of Accounting

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts

Operating lease rentals

Rentals payable under operating leases are charged against income on a straight line basis over the lease term

Website Cost

Planning and operating costs for the company's website are charged to the profit and loss account as incurred

Dividends

Proposed dividends are only included as liabilities in the financial statements when their payment has been approved by the shareholders prior to the balance sheet date

Tangible Fixed Assets

Tangible Fixed Assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis

Office Equipment	15%	Straight Line
Computer Equipment	3Yrs	Straight Line
Motor Vehicle	25%	Straight Line
Fixtures and Fittings	15%	Straight Line

No depreciation is provided on the company's freehold properties since in the opinion of the directors the expected useful lives are sufficiently long and the estimated residual values are sufficiently high that any such depreciation would be immaterial. The directors undertake an annual impairment review of those properties

Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving items. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads
