**NOTES TO THE ABBREVIATED ACCOUNTS**  
**for the year ended 31st October 2014**

1. **ACCOUNTING POLICIES**

**Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Exemption from preparing a cash flow statement**

Exemption has been taken from preparing a cash flow statement on the grounds that the company qualifies as a small company.

**Turnover**

Turnover represents net invoiced sales of services, excluding value added tax.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life.

Plant and machinery etc                      - 25% on reducing balance

**Stocks and work in progress**

Stocks and work in progress are valued at the lower of cost and net realisable value. Cost includes direct materials, labour costs and those overheads that have been incurred to bring the stock to its present location and condition.

**Deferred tax**

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

**Hire purchase and leasing commitments**

Rentals applicable to operating leases where substantially all the benefits and risks of ownership remain with the lessor are charged to the profit and loss account on a straight line basis over the lease term.

Assets under finance leases and hire purchase contracts are capitalised and depreciated over their useful lives. The corresponding lease and hire purchase obligation is treated in the balance sheet as a liability. The interest element of rental obligations is charged to the profit and loss account over the period of the lease at a constant proportion of the outstanding balance of capital repayments.

**Website development**

In accordance with standard practice, it is the company's policy to write off any website development costs in the year they are incurred.
